The first snow of the season fell here Sunday afternoon, but was barely noticeable. We had another touch of "the beautiful" Monday night that could be plainly seen on the ground the next morning and the thermometer has been hovering around the freezing point ever since. It is pretty tough on the COURIER man who has sold his hard coal stoves and is trying to get a hot water heating plant installed in his home, but can't get the work completed on account of the delay in receiving the radiators. This may be one reason why we have been trying to make the city council hot enough to warm us.

#### Methodist Church Notes.

Last Sunday a five-week's revival closed at Adams chapel in which there were 19 professions and 17 additions to the Methodist church, five of which were by letter, and some have given their names for membership in the Cumberland Presbyterian church. Rev. W. J. Parvin of Brunswick and Rev. T. J. Shearon of Chranville rendered very valuable assistance for which we are very thankful.

The people are giving Adams chapel a general overhauling which will put it in excellent repair when they are through.

There has been a spirit of Christian co-operation which is very commendable, indeed.

At Centenary last Sunday afternoon we had a good, large congregation and organized a Sunday-school.

O. H. PHILLIPS, PASTOR.
